Coronavirus

They currently advise that effective hand washing for at least 20 seconds each time is essential. This week as part of Science week all children have been taught how to wash and dry their hands effectively. We have also revisited the importance of this in whole school assemblies.

Breakfast Club

You are now able to book onto Breakfast Club up until the end of the school year using your School Money account.

World Book Day - Thank You!

Thank you for celebrating World Book Day with us! The children and staff had a wonderful day dressed up as their favourite book characters. Their costumes were truly magnificent! We are astounded by the effort and creativity that has gone into the fantastic 'books in boxes'! The children were able to bring their books to life as they described the characters and setting of their stories to their friends and adults in school. We are very appreciative of the support you have given and we feel so lucky to have such imaginative children and parents/carers in our school family. We hope to see the Reading Race scores get higher and higher with all the excitement we've had about reading! We have raised £70.05 which will go towards new non-fiction books.

Easter Bonnet Parade

During the last week of term we will be holding an Easter Bonnet parade and we would love all the children to take part. Children can make their own bonnet from bits of old cloth or paper and there will be a prize for the lucky winners in each class.

FS1 Family Learning Sessions (Family Recycle IT) 5th May 2020 - 1.15-3pm

See more details at the end of the newsletter. To book a place please ring the school office.

Foundation 1

Happy Home Learning

This week we have enjoyed carrying out lots of science experiments. Here is one you can try at home. You will need a bottle of coke and a tube of mentos. Carry out this experiment outside with the children at least 3m away from the experiment. It is messy! Remove the lid from the bottle and quickly add the mints. Stand back! The cola will shoot out of the bottle in a fountain.

Please continue to read at least 3 times a week and practise writing your names with the correct formation. Use your guide that was sent home last week to help you.

Foundation 2 Homework

Science

Have fun around the house using your five senses. Hearing - Listen out for the different sounds of things, touching - identify objects by feeling around in a bag, tasting - taste different foods (sweet, salty), seeing - look for mini-beasts hiding in the garden and smelling – what different foods can you smell in the kitchen.

Draw a picture in your homework book of what you have found for each sense.

KS1 Spellings

Year 1 Common Exception Words – me, my, said, says

Year 1 Spellings of the Week – Have a look at the following words unhappy, unlucky, unfair, unlock, unload, are there any other prefix words you can think of?
