

Foundation Stage 2 Weekly Home Learning Ideas

Week Commencing 4th May 2020

Over the week it would be lovely for the children to try some of the following activities. Do as many as the activities as possible but not all together space them out throughout the week. Lots of activities can be repeated over the week to consolidate the children's learning.

Phonics

Use the website Phonics Play go to Phase 2 or Phase 3 (challenge)

Play the rocket rescue game to help segment and blend words. Make the correct word to send your rocket to space.

Number of the Week

Count forwards and backwards to 13? Show an understanding of the meaning of 13? Can you clap 13 times? Can you pat 13 times? Count 13 toys and put them in a line. Count 13 counters or 1p coins from a pile. What is one more / one less than 13? Can you form the number 13? Can we add amounts together in different ways to make 13? Can we partition 13 into 2 groups using the counters or pennies? Remember when talking about 13 we don't say 1 and 3, we say "13 - 1 ten and 3 ones".
